Study Guide to Forensic Psychiatry is a question-and-answer companion that allows you to evaluate your mastery of the subject matter as you progress through *The American Psychiatric Publishing Textbook of Forensic Psychiatry*. The *Study Guide* is made up of 115 questions divided into 23 individual quizzes of 5-10 questions each that correspond to chapters in the *Textbook*. Questions are followed by an Answer Guide that references relevant text (including the page number) in the *Textbook* to allow quick access to needed information. Each answer is accompanied by a discussion that not only addresses the correct response but also explains why other responses are not correct.

The *Study Guide's* companion, *The American Psychiatric Publishing Textbook of Forensic Psychiatry*, is the first reference designed and written for both the general clinician and the experienced forensic psychiatrist. Twenty-eight recognized experts introduce the forensic subjects that commonly arise in clinical practice. Each chapter is organized around case examples and includes a review of key concepts, practical guidelines, and references for further reading. This practical textbook makes this interesting specialty accessible to trainees and seasoned practitioners.
