Many people are eager to know the meaning of the mundane life. However, an unrelenting flow of choices confronts us at nearly every moment of our lives, and based on what should we make a choice? How do we know what things are irrelevant, and what are important? All Things Shining: Reading the Western Classics to Find Meaning in a Secular Age will take us on a journey from the wonder and openness of Homer's polytheism to the monotheism of Dante; from the nihilism of Kant to the pantheism of Melville; and finally to the spiritual difficulties evoked by modern authors... The book will look back upon the imagination, curiosity and openness we have lost and tell us how to live a worthy life.
