The Transformational Power of Voice Selina Matthews PhD

The “Transformational Power of Voice” is an interdisciplinary study that focuses on the transformative qualities inherent in voice from the perspective of myth, archetype, dreams, symbols, and sounds. Personal, historic, literary, and poetic examples illuminate these perspectives. In addition, the interrelationship between the body, voice, and soul are discussed in depth. A new trinity embracing the capacities of voice as a bridge between an individual’s body and soul is presented.
