You can take the monster out of the wild, but you can't take the wild out of the monster...

Monster Menagerie is a place where bad monsters go. Locked up for the protection of mankind, they may be taken from the wild, but **there is no taking away their wild monster instincts to mate...**

Innocent Lena is working the menagerie one night when she learns first hand that monsters will go to just about any lengths to spread their monster seed when they smell the ripe scent of a fertile maiden.

Unfortunate for Lena, she is the prize that the **BIG BLACK MONSTER** Khan wants, and he will go to any lengths he has to to lure Lena into his pen and **FILL HER UP** in every possible way, **TAKING HER INNOCENCE hard and unprotected.** Khan's size is almost **TOO BIG TO FIT** but his wild instincts are driving him to mate, and he won't rest until he's claimed her body for the first time, **filling her fertile belly with his monster seed!**
