The New York Trilogy Paul Auster

Paul Auster's brilliant debut novels, *City of Glass*, *Ghosts*, and *The Locked Room* brought him international acclaim for his creation of a new genre, mixing elements of the standard detective fiction and postmodern fiction.

City of Glass combines dark, Kafka-like humor with all the suspense of a Hitchcock film as a writer of detective stories becomes embroiled in a complex and puzzling series of events, beginning with a call from a stranger in the middle of the night asking for the author - Paul Auster - himself. *Ghosts*, the second volume of this interconnected trilogy, introduces Blue, a private detective hired to watch a man named Black, who, as he becomes intermeshed into a haunting and claustrophobic game of hide-and-seek, is lured into the very trap he has created.

The final volume, *The Locked Room*, also begins with a mystery, told this time in first-person narrative. The nameless hero journeys into the unknown as he attempts to reconstruct the past, which he has experienced almost as a dream. Together these three fictions lead the reader on adventures that expand the mind as they entertain.
