Thomas' Calculus, Early Transcendentals, Single Variable with Second-Order Differential Equations (12th Edition) Joel R. Hass, Maurice D. Weir, George B. Thomas

This text is designed for the single variable component of a three-semester or four-quarter calculus course (math, engineering, and science majors).

Calculus hasn't changed, but your students have. Today's students have been raised on immediacy and the desire for relevance, and they come to calculus with varied mathematical backgrounds. **Thomas' Calculus: Early Transcendentals, Twelfth Edition,**

(contains only chapters 1-11) helps your students successfully generalize and apply the key ideas of calculus through clear and precise explanations, clean design, thoughtfully chosen examples, and superior exercise sets. Thomas offers the right mix of basic, conceptual, and challenging exercises, along with meaningful applications. This significant revision features more examples, more mid-level exercises, more figures, and improved conceptual flow.

This is the standalone book,(contains only chapters 1-11) if you want the book/access card order the ISBN below.

From reader reviews:

Ann Davis:

The book untitled Thomas' Calculus, Early Transcendentals, Single Variable with Second-Order Differential Equations (12th Edition) is the e-book that recommended to you you just read. You can see the quality of the reserve content that will be shown to you. The language that article author use to explained their way of doing something is easily to understand. The copy writer was did a lot of exploration when write the book, to ensure the information that they share to you is absolutely accurate. You also will get the e-book of Thomas' Calculus, Early Transcendentals, Single Variable with Second-Order Differential Equations (12th Edition) from the publisher to make you more enjoy free time.

Jeremy Smith:

The reserve with title Thomas' Calculus, Early Transcendentals, Single Variable with Second-Order Differential Equations (12th Edition) contains a lot of information that you can discover it. You can get a lot of help after read this book. This particular book exist new expertise the information that exist in this book represented the condition of the world right now. That is important to yo7u to understand how the improvement of the world. This particular book will bring you throughout new era of the syndication. You can read the e-book with your smart phone, so you can read this anywhere you want.

Lori Parker:

Reading can called head hangout, why? Because when you are reading a book especially book entitled Thomas' Calculus, Early Transcendentals, Single Variable with Second-Order Differential Equations (12th Edition) your head will drift away trough every dimension, wandering in each and every aspect that maybe unidentified for but surely will end up your mind friends. Imaging every word written in a publication then become one type conclusion and explanation which maybe you never get previous to. The Thomas' Calculus, Early Transcendentals, Single Variable with Second-Order Differential Equations (12th Edition) giving you a different experience more than blown away the mind but also giving you useful details for your better life in this era. So now let us teach you the relaxing pattern this is your body and mind will likely be pleased when you are finished studying it, like winning a casino game. Do you want to try this extraordinary wasting spare time activity?

Derek Clancy:

Your reading sixth sense will not betray anyone, why because this Thomas' Calculus, Early Transcendentals, Single Variable with Second-Order Differential Equations (12th Edition) guide written by well-known writer we are excited for well how to make book which can be understand by anyone who all read the book. Written inside good manner for you, still dripping wet every ideas and publishing skill only for eliminate your hunger then you still doubt Thomas' Calculus, Early Transcendentals, Single Variable with Second-Order Differential Equations (12th Edition) as good book not simply by the cover but also through the

content. This is one book that can break don't determine book by its handle, so do you still needing yet another sixth sense to pick this!? Oh come on your examining sixth sense already said so why you have to listening to a different sixth sense.
