Alamo Traces: New Evidence and New Conclusions Thomas Ricks Lindley

Destined to be a controversial history of one of the most popular American landmarks, *Alamo Traces* is Thomas Ricks Lindley's masterpiece. Fifteen years of research makes this critical examination of the Alamo story a volume of historical truth and accuracy. The author burrows deep into the records and shovels away deposits of myth, folklore, and faulty research that are generations deep. Never wavering in its search for the bedrock of fact, this convincing speculation about what might really have happened during that courageous fight for independence.
