Keeping Together in Time: Dance and Drill in Human History

William H. McNeill

Keeping Together in Time: Dance and Drill in Human History William H. McNeill

Could something as simple and seemingly natural as falling into step have marked us for evolutionary success? In *Keeping Together in Time* one of the most widely read and respected historians in America pursues the possibility that coordinated rhythmic movement--and the shared feelings it evokes--has been a powerful force in holding human groups together. As he has done for historical phenomena as diverse as warfare, plague, and the pursuit of power, William H. McNeill brings a dazzling breadth and depth of knowledge to his study of dance and drill in human history. From the records of distant and ancient peoples to the latest findings of the life sciences, he discovers evidence that rhythmic movement has played a profound role in creating and sustaining human communities. The behavior of chimpanzees, festival village dances, the close-order drill of early modern Europe, the ecstatic dance-trances of shamans and dervishes, the goose-stepping Nazi formations, the morning exercises of factory workers in Japan--all these and many more figure in the bold picture McNeill draws. A sense of community is the key, and shared movement, whether dance or military drill, is its mainspring. McNeill focuses on the visceral and emotional sensations such movement arouses, particularly the euphoric fellow-feeling he calls "muscular bonding." These sensations, he suggests, endow groups with a capacity for cooperation, which in turn improves their chance of survival.

A tour de force of imagination and scholarship, *Keeping Together in Time* reveals the muscular, rhythmic dimension of human solidarity. Its lessons will serve us well as we contemplate the future of the human community and of our various local communities.

From reader reviews:

Orlando Hernandez:

Spent a free the perfect time to be fun activity to try and do! A lot of people spent their leisure time with their family, or their friends. Usually they performing activity like watching television, gonna beach, or picnic from the park. They actually doing ditto every week. Do you feel it? Do you want to something different to fill your own personal free time/ holiday? May be reading a book can be option to fill your free time/ holiday. The first thing you ask may be what kinds of e-book that you should read. If you want to try look for book, may be the e-book untitled Keeping Together in Time: Dance and Drill in Human History can be excellent book to read. May be it may be best activity to you.

Travis Freeman:

People live in this new day of lifestyle always attempt to and must have the time or they will get wide range of stress from both daily life and work. So , when we ask do people have time, we will say absolutely of course. People is human not a robot. Then we request again, what kind of activity are there when the spare time coming to you actually of course your answer can unlimited right. Then do you try this one, reading textbooks. It can be your alternative in spending your spare time, often the book you have read is usually Keeping Together in Time: Dance and Drill in Human History.

Robert Delaney:

As a scholar exactly feel bored to be able to reading. If their teacher questioned them to go to the library as well as to make summary for some e-book, they are complained. Just tiny students that has reading's heart and soul or real their leisure activity. They just do what the teacher want, like asked to the library. They go to right now there but nothing reading really. Any students feel that looking at is not important, boring as well as can't see colorful images on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this age, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Keeping Together in Time: Dance and Drill in Human History can make you really feel more interested to read.

April Brooks:

What is your hobby? Have you heard in which question when you got learners? We believe that that issue was given by teacher to their students. Many kinds of hobby, All people has different hobby. Therefore you know that little person such as reading or as reading become their hobby. You need to understand that reading is very important and book as to be the matter. Book is important thing to include you knowledge, except your personal teacher or lecturer. You find good news or update regarding something by book. A substantial number of sorts of books that can you go onto be your object. One of them is actually Keeping Together in Time: Dance and Drill in Human History.
