'This is a superb book which combines the rare mixture of high quality information with humour. The style of writing engages the reader from the introduction and the experience and insight of the author occasionally makes it difficult to put down, a rare feature of a textbook. I would unreservedly recommend this book not only to those studying journalism but to students of language and all who use the spoken and written word as the 'materials' of their work.' *Barry Turner, Nottingham Trent University*

'Rick Thompson's guidance manual is packed with advice to would-be writers for this medium. He's someone with years of experience at the top level of the national and international profession, and he's smack up to date with his references. The book is aimed at journalists, but anyone with a serious interest in developing their literacy will learn a lot about professional writing skills from what he has to say.' *Roy Johnson, www.mantex.co.uk*
