Camaro: A Legend Reborn Larry Edsall

When Chevrolet entered the pony market in 1967, its Camaro looked like a winner--not just for the muscle car era but for all time. And it was the iconic Camaro, battling Ford's Mustang for dominance, that once again jumpstarted flagging American performance in the 1980s. Now, after another lull and more missed chances, Chevrolet comes roaring back onto the muscle car scene with a Camaro for a new generation--a Camaro destined to be the next classic.

Camaro: A Legend Reborn chronicles the rebirth of this legendary car. With drawings and photographs of prototypes and pre-productions vehicles, and in interviews with engineers, designers, and key executives, the book follows each step of the process that led to Camaro's triumphant return. And finally, jaw-dropping photographs of the new car at play on the street and on the track announce the arrival of the ultimate Camaro in no uncertain terms.
