As he did in his classic *Synchronicity*, Joseph Jaworski once again takes us on a mind-expanding journey, this time to the very heart of creativity and deep knowing.

Institutions of all sorts are facing profound change today, with complexity increasing at a speed and intensity we've never experienced before. Jaworski came to realize that traditional analytical leadership approaches are inadequate for dealing creatively with this complexity. To effectively face these challenges, leaders need to access the Source from which truly profound innovation flows.

Many people, including Jaworski himself, have experienced a connection with this Source, often when called upon to respond in times of crisis—moments of extreme spontaneity and intuitive insight. Actions simply flow through them, seemingly without any sort of conscious intervention. But these experiences are chance occurrences—ordinarily, we don't know how to access the Source, and we even have a blind spot as to its very existence.

In an extraordinarily wide-ranging intellectual odyssey, Jaworski relates his fascinating experiences with quantum physicists, cognitive scientists, indigenous leaders, and spiritual thinkers, all focused on getting to the heart of the Source. Ultimately, he develops four guiding principles that encompass the nature of the Source and what we need to do to stay in dynamic dialogue with it.

Using the combination of narrative and reflection that made *Synchronicity* so compelling, Jaworski has written a book that illuminates the essential nature not only of visionary leadership but also of relationships, consciousness, and ultimately reality itself.
