Talking with Children About Loss Maria Trozzi

Through captivating stories and thoughtful analysis, **Maria Trozzi** explains how to handle the difficult job of talking with children and adolescents about loss, with discussions about: * **How children perceive and interpret events such as death, disability, and divorce** * **Guiding children through the four tasks of mourning** * **Helping children face funerals, wakes, and memorial services** * **Children's fears and fantasies: how they express them, and how to address them** * **Age-appropriate responses to children's questions and concerns** * **Talking to children about long-term illness, suicide, family or community tragedy, and other special situations** * **What to do when children won't talk about loss, and when to seek professional help**"The wisdom, authenticity, and sheer presence of the author are evident from page one until the end of the beautifully written book. Terms like 'ground-breaking' and 'innovative' have been trivialized by overuse. In this case they are deserved." --**Stan Turecki, M.D.**, author of **The Difficult Child**
