The Shining Gateway James Allen

Students of the works of James Allen all over the world will welcome with joy another book from his able pen. In this work we find the Prophet of Meditation in one of his deepest and yet most lucid expositions. Here the reader will find no vague statement of generalities, for the writer enters with tender reverence into every detail of human experience. It is as though he came back to The Shining Gate, and, standing there, he reviewed all the way up which his own feet have travelled, passing over no temptation that is common to man; knowing that the obstacles that barred his ascending pathway, or the clouds that at times obscured his vision, are the common experiences of all those who have set their faces towards the heights of Blessed Vision.
