ABADDON'S WAY Richard Seifried

Out of revolutionary Africa comes one who considers himself to be a demon-incarnate. He enters the employment of the secret government of the United States of America. As if he had traded his soul for the pleasure of killing, the evil one, Gerhardt Botha, eliminates those who his superiors consider to be dangerous to the security of the United States. Botha, convinced that he is Abaddon, Prince of Darkness, assassinates all those in the United States Government who come to realize that his hideous slaughter must stop. Douglas Jakowski, (Wolf Man), is, once again, innocently plunged into mortal conflict with a psychotic killer. This time the creature, his adversary, reeks with ruthlessness and possesses cunning far beyond the human condition.
