The Clinical Practice of Pediatric Physical Therapy: From the NICU to Independent Living (Point (Lippincott Williams & Wilkins)) Mark Drnach PT DPT MBA PCS

This comprehensive text explains the physical therapist's role across the full range of practice settings, including neonatal intensive care units, rehabilitation programs, early intervention programs, the educational system, pediatric hospices, and intermediate care facilities. This text and reference prepares readers for the demands and challenges faced as the practitioner of choice for children with disabilities.

Features include Case Studies and Parent Perspectives. Chapter appendices offer examples of data collection tools and methods, evaluations, and documents used in patient/client management. Sample evaluations show how this information is used in clinical settings.
