Why are you assigning or considering a brief Human Development text? Is it because your students do not complete the reading in a comprehensive text? Do you run out of time trying to cover the entire lifespan over the course of a few months? Do your students struggle to retain the sheer volume of information in the course? Instructors from across the country have clamored for a streamlined text that captures the core concepts of life-span development. "Santrock Essentials 2e" was developed to help meet the ever-changing needs of students in the lifespan course. Knowing that students do not often read the text and have poor study skills, "Santrock Essentials" introduces an adaptive diagnostic that helps students know what they know and what they don't know to become more efficient and effective learners. Organized in a concise format, "Santrock Essentials" helps students relate to the material and study more efficiently by driving them to the applicable reading content in a format that is more student-friendly. Based on hallmark features- its expert contributors, updated research and focus on applications, Santrock provides the most dependable and current presentation of lifespan development available, and he does so in a briefer format and with our adaptive diagnostic helping to ensure that your students will read and appreciate the material while seeing the applications to their everyday life.
