Shakespeare's Sonnets (Arden Shakespeare) William Shakespeare

Shakespeare's Sonnets are universally loved and much-quoted throughout the world, while debates still rage as to the identity of the Dark Lady and how autobiographical the sonnets really are. This revised edition has been updated in the light of new scholarship and critical analysis since its first publication which won a wide range of critical acclaim. Author Katherine Duncan Jones tackles the controversies and mysteries surrounding these beautiful poems head on, and explores the issues of sexuality to be found in them, making this a truly modern edition for today's readers and students.

For more than a century educators, students and general readers have relied on The Arden Shakespeare to provide the very best scholarship and most authoritative texts available.
