Three passengers are dead. Fifty-six are injured. The interior cabin is virtually destroyed but the pilot manages to land the plane... *Airframe* combines a realistic situation with heart-pounding suspense to keep the listener captivated until the very last word.

The Lost World

It is now six years since the secret disaster at Jurassic Park, six years since the extraordinary dream of science and imagination came to a crashing end—the dinosaurs destroyed, the park dismantled, the island indefinitely closed to the public.

There are rumors that something has survived. . . .

Timeline

In a world of unforeseen technological advances, a group of historians finds its way to the medieval past. The journey, while ground-breaking, carries the listener also into a realm of unexpected suspense and terror, twisting our most basic ideas of reality.
