Goals-Based Wealth Management: An Integrated and Practical Approach to Changing the Structure of Wealth Advisory Practices (Wiley Finance) Jean L. P. Brunel
Take a more active role in strategic asset allocation

Goals-Based Wealth Management is a manual for protecting and growing client wealth in a way that changes both the services and profitability of the firm. Written by a 35-year veteran of international wealth education and analysis, this informative guide explains a new approach to wealth management that allows individuals to take on a more active role in the allocation of their assets. Coverage includes a detailed examination of the goals-based approach, including what works and what needs to be revisited, and a clear, understandable model that allows advisors to help individuals to navigate complex processes. The companion website offers ancillary readings, practice management checklists, and assessments that help readers secure a deep understanding of the key ideas that make goals-based wealth management work.

The goals-based wealth management approach was pioneered in 2002, but has seen a slow evolution and only modest refinements largely due to a lack of wide-scale adoption. This book takes the first steps toward finalizing the approach, by delineating the effective and ineffective aspects of traditional approaches, and proposing changes that could bring better value to practitioners and their clients.

- Understand the challenges faced by the affluent and wealthy
- Examine strategic asset allocation and investment policy formulation
- Learn a model for dealing with the asset allocation process
- Learn why the structure of the typical advisory firm needs to change

High-net-worth individuals face very specific challenges. *Goals-Based Wealth Management* focuses on how those challenges can be overcome while adhering to their goals, incorporating constraints, and working within the individual's frame of reference to drive strategic allocation of their financial assets.

From reader reviews:

Frances Lawler:

Reading a e-book tends to be new life style in this era globalization. With reading you can get a lot of information that will give you benefit in your life. Using book everyone in this world can share their idea. Ebooks can also inspire a lot of people. Many author can inspire their particular reader with their story as well as their experience. Not only the storyline that share in the guides. But also they write about the data about something that you need example. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors nowadays always try to improve their ability in writing, they also doing some research before they write for their book. One of them is this Goals-Based Wealth Management: An Integrated and Practical Approach to Changing the Structure of Wealth Advisory Practices (Wiley Finance).

Ellen Kelsey:

Is it you who having spare time in that case spend it whole day by means of watching television programs or just telling lies on the bed? Do you need something totally new? This Goals-Based Wealth Management: An Integrated and Practical Approach to Changing the Structure of Wealth Advisory Practices (Wiley Finance) can be the reply, oh how comes? It's a book you know. You are so out of date, spending your spare time by reading in this brand-new era is common not a geek activity. So what these guides have than the others?

Terry Tatum:

On this era which is the greater individual or who has ability in doing something more are more important than other. Do you want to become considered one of it? It is just simple way to have that. What you have to do is just spending your time not much but quite enough to enjoy a look at some books. Among the books in the top checklist in your reading list will be Goals-Based Wealth Management: An Integrated and Practical Approach to Changing the Structure of Wealth Advisory Practices (Wiley Finance). This book that is qualified as The Hungry Hills can get you closer in growing to be precious person. By looking up and review this e-book you can get many advantages.

Joseph Chitwood:

As a pupil exactly feel bored in order to reading. If their teacher requested them to go to the library or even make summary for some book, they are complained. Just minor students that has reading's soul or real their leisure activity. They just do what the trainer want, like asked to go to the library. They go to at this time there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Goals-Based Wealth Management: An Integrated and Practical Approach to Changing the Structure of Wealth Advisory Practices (Wiley Finance) can make you truly feel more
