AMERICA'S MELTING POT BOILS OVER...

Possibly the most controversial story yet from best-selling author, D.W. Ulsterman.

Racial strife leads to civil unrest and outright terror throughout America as government cowers and private citizens are left to defend themselves from those who would do them harm.

RACE WARS is an apocalyptic SHTF thriller that details the spread of brutality across the United States as a once-proud nation is ripped apart by racial division and self-serving politicians unwilling to quell the violence they themselves helped to create.

It is a frightening tale many believe could happen, and some believe WILL happen.

If so, are you fully prepared to defend family and friend from a world gone mad?
