Why has comprehension instruction become so complex?

Sharon Taberski cuts through the pressurized, strategy-overloaded, fluency-crazed atmosphere surrounding reading instruction to lay out the reading and writing workshop practices that are most effective in developing readers in the primary grades. She shares the daily how-tos needed to sustain a literacy block that engages children in authentic reading and writing practices including dozens of **effective practices** that illustrate amazing ways to organize instructional and independent reading for kids including:

letter and sound searches that improve students' word accuracy and fluency

companion books bags that develop their confidence and comprehension

strategy sheets that make children's thinking about text concrete

a **Putting Our Strategies to Work Board** that enables students to reflect on and discuss the meta-cognitive strategies they're using

Idea Books and **Ta-da Publishing Books** that help children get inside the reading and writing process and see how each feeds the other.

Two Options for dynamic DVD-based staff development:

- **for your workshop or PLC**, the *Lessons from the Ground Up DVD* features 105-minutes of video clips of Sharon in the classroom, modeling effective ways to develop comprehension plus a 64-page facilitator's guide supports the DVD, lesson by lesson.
- *It's All About Comprehension* is a **long-term staff development initiative** with 3 DVDs (7 hours) of whole-class, small-group, and one-on-one instruction from Sharon.
