Change has led people of this time to become diverse in many different aspects - in terms of goals, beliefs, and practices, all manifested in a wide array of different lifestyles. Unlike before, parents now work online from home; students seek for video-call-assisted teaching tasks; call center agents increase in number; health care professionals utilize mobile apps to improve in their field; even children have become technically adept. Regardless of the differences people of this generation have in so many aspects, what seems to be common today are the necessity of the use of the products of technology, and the universal goal of saving time, money, energy, and even the earth itself have turned into concrete advocacies.
