This classic text is the third edition of Frownfelter's CHEST PHYSICAL THERAPY AND PULMONARY REHABILITATION. This edition offers an enhanced scientific perspective with a strong editorial foundation and retains the readability and clear organization of previous editions. It is visually appealing with over 400 illustrations and a user-friendly format. Each chapter includes a list of key terms and a set of review questions. A glossary follows the text. In sync with the latest developments in cardiopulmonary physical therapy, the content is unified by the underlying theme of oxygen transport.
