2 CD Set for Wright's The Essential Listening to Music Craig Wright

THE ESSENTIAL LISTENING TO MUSIC draws on the strengths of author Craig Wright's larger volumes--outstanding listening pedagogy, clear writing, state-of-the-art online ancillaries--and delivers them in a style that is designed to connect with today's students and inspire a lifelong appreciation of music. In this concise book, scholar and master-teacher Wright focuses on the key concepts and works presented within a typical Music Appreciation course, avoids lengthy discussions on side topics, and includes a set of integrated digital resources that make it easier--and fun--for students to master the material. THE ESSENTIAL LISTENING TO MUSIC is approximately 60 percent shorter than the large volume and is priced much lower than our larger texts.
