54-40 of Fight is a historical novel of the negotiations between England and the U.S over the Oregon Territory/Canadian line.

If they did not turn over all of Oregon. "Fifty-four forty or fight" would have included all of present-day British Columbia, up to the tip of Alaska, or "Russian America." Polk appealed to Americans' "just and dear territorial rights, their own self-respect, and their national honor."

* This ebook is a true representation, high-definition copy of a pre-1923 print version of the book. Unlike other e-copies of the book, it is not a transcription, which may be full of typographic errors.

* "True representation" means that if the print version has any inscriptions or previous owner's name in the front of the book, this e-book might as well. Blank pages that often separate chapters might be left in. And pages that may have a folded corner or other, similar damage might be included, too.

* In other words, no changes or as few as possible have been made to either the illustrations or the text in order to bring you a book that is as close to the original as possible.
