Macbeth (The New Cambridge Shakespeare)

William Shakespeare

Macbeth (The New Cambridge Shakespeare) William Shakespeare

This book is an extensively-annotated edition of *Macbeth*, offering a thorough reconsideration of one of Shakespeare's most popular plays. A full and accessible updated introduction studies the immediate theatrical and political contexts of *Macbeth*'s composition, especially the Gunpowder Plot and the contemporary account of an early performance at the Globe. It treats such issues as whether the Witches compel Macbeth to murder; whether Lady Macbeth is herself in some sense a witch; whether Banquo is Macbeth's accomplice in crime; and what criticism is levelled against Macduff. Several possible new sources are suggested, and the presence of Thomas Middleton's writing in the play is proposed. An extensive, well-illustrated account of the play in performance examines several cinematic versions, such as those by Kurosawa and Roman Polanski, and a brand new introductory section on recent performances and adaptations brings the edition completely up-to-date.
