Pass The 65: A PLAIN ENGLISH EXPLANATION TO HELP YOU PASS THE SERIES 65 EXAM

Robert Walker

Pass The 65™ is written with the reader always in mind. This book uses Plain English and concise explanations as it ticks off the items mentioned on the NASAA exam outline point-by-point. Notice that there are four chapters, which correspond to the four sections of the NASAA Series 65 Exam outline.

Of course, we aren't just relying on concise explanations. You'll notice that we apply the fundamental understanding of concepts you're gaining during the reading of this book to review questions frequently throughout the material. And, you're encouraged to break for the online practice questions after each chapter because no matter how well any book is written, the book is only your guide through the critical process of learning through practice questions.

To reduce your frustration, we try to make sure each practice question in our Pass The 65 Online Practice Question Bank™ is explained within this textbook. And, we also take what you learn in these pages to a higher level with some of the more challenging questions in our test bank. But, our practice questions are not designed to trick and discourage you. Rather, they are designed to help you learn the information as you improve your ability to eliminate incorrect answer choices.

Pass The 65™ is not a license exam manual. Pass The 65™ is a well-crafted journey designed to lead you through a tricky test to a passing score on the Series 65 Exam.

In short, buy this book and then go to www.examzone.com to pick up the practice questions and other study materials. This test is not easy. The best time to get started is . . . now.
