Zelda Sayre Fitzgerald: An American Woman's Life Linda Wagner-Martin

Linda Wagner-Martin has created a new kind of biography of Zelda Sayre Fitzgerald: Zelda's story from her perspective, instead of her famous husband's. This is the first biography to tell her entire life story, describing what it meant to be born in 1900, and then to be a "New Woman" in Montgomery, Alabama. Featuring for the first time information from the newly available archives at Princeton, Wagner-Martin vividly illustrates Zelda's psychiatric landscape. Detailed discussions of the roots of alcoholism and infidelity are juxtaposed with the first comprehensive critiques of Zelda's diverse artistic accomplishments as a dancer, short story writer, essayist and novelist. This is an evocative portrayal of a talented woman's professional and emotional conflicts, a story with as much relevance today as it had half a century ago.
