Industrial Policy in Europe: Theoretical Perspectives and Practical Proposals (Routledge Series on Industrial Development Policy)

After a decade or more of privatisation and deregulation there is a growing consensus that government can have a positive role in promoting industrial development. This book explores a variety of ways in which this might be made to happen. A common theme is the need for participation at the appropriate level: too often industrial policy has been hampered by overcentralised decision-making. Containing contributions by some of Europe's leading industrial economists, *Industrial Policy for Europe* covers subjects from small business to macroeconomics.
