Kabbalah for All: An Essential Course on Kabbalah and The Tree of Life Cengizhan Kaptan Dr.

Kabbalah for All is about the consciousness of "self" in line with the ancient wisdom of Kabbalah. Kabbalah, beyond all descriptions, helps human beings realize the meaning of their lives and transform their souls according to the plan of the Creation. Kabbalah can be studied by anyone who wants to learn the true purpose of life and transform his soul from perishing corporeal desires to altruism. The author, Kaptan, explains to the wayfarer that Kabbalah is all about love and the paths to the spiritual worlds and to attain the Creator, the Beloved, will be only possible through the power of love. This book is an introductory book to the wisdom of Kabbalah and is mainly focused on the teachings of the great Kabbalist Isaac Luria who is known also as Ari. The Tree of Life, as depicted by Ari, is a wonderful system that explains the methodology to attain the Creator. The author defines that the true and proper path to attain the Creator is wonderfully and metaphorically explained within the concept of the Tree of Life and depicts how to benefit from the Tree of Life in order to climb the Tree and reach the upper worlds, which in fact are within a person who gains consciousness by transforming his egoistic desires to altruistic ones. The author also explains the usefulness of the ego and encourages the reader to use it at its best capacity in order to reach a higher level of consciousness. The language of the book is kept as simple as possible and although the basic terminology and structure of Kabbalah is given to the reader, it is done in a way that will not tire or distract the wayfarer. One of the most important messages of this book is that one should love friends as one loves her/himself, and only then will accomplishing the eternal love be possible. You will notice that your transformation will be in process while you are reading this book and this will help you realize and feel the wise system of the Lurianic Kabbalah.
