Learn the Principles of Magic

Magic works because of a number of Hermetic Principles: by putting strong positive intentions out into the Universe, you can influence things on a higher plane of existence. In time, these changes will manifest themselves on the material plane -- the world that you and I both live. In other words, magic is a way to harness the unseen energy of the Universe into particular thoughtforms that work to effect a change in the physical world. And, if magic is the art of sending a particular thought into a higher plane to be manifested, candles make for particularly helpful "messengers!" This might all sound rather complex, but we'll be exploring these principles in detail throughout this book to give you a solid grounding in candle magic.
