Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R
Yu-Wei, Chiu (David Chiu)

Key Features

- Apply R to simplify predictive modeling with short and simple code
- Use machine learning to solve problems ranging from small to big data
- Build a training and testing dataset from the churn dataset, applying different classification methods

Book Description

The R language is a powerful open source functional programming language. At its core, R is a statistical programming language that provides impressive tools to analyze data and create high-level graphics.

This book covers the basics of R by setting up a user-friendly programming environment and performing data ETL in R. Data exploration examples are provided that demonstrate how powerful data visualization and machine learning is in discovering hidden relationships. You will then dive into important machine learning topics, including data classification, regression, clustering, association rule mining, and dimension reduction.

What you will learn

- Create and inspect the transaction dataset, performing association analysis with the Apriori algorithm
- Visualize patterns and associations using a range of graphs and find frequent itemsets using the Eclat algorithm
- Compare differences between each regression method to discover how they solve problems
- Predict possible churn users with the classification approach
- Implement the clustering method to segment customer data
- Compress images with the dimension reduction method
- Incorporate R and Hadoop to solve machine learning problems on Big Data

About the Author

Yu-Wei, Chiu (David Chiu) is the founder of Largit Data. He has previously worked for Trend Micro as a software engineer, with the responsibility of building big data platforms for business intelligence and customer relationship management systems. In addition to being a start-up entrepreneur and data scientist, he specializes in using Spark and Hadoop to process big data and apply data mining techniques for data analysis.

Table of Contents

1. Practical Machine Learning with R
2. Data Exploration with RMS Titanic
3. R and Statistics

4. Understanding Regression Analysis
5. Classification (I) Tree, Lazy, and Probabilistic
6. Classification (II) Neural Network and SVM
7. Model Evaluation
8. Ensemble Learning
9. Clustering
10. Association Analysis and Sequence Mining
11. Dimension Reduction
12. Big Data Analysis (R and Hadoop)

From reader reviews:

Terry Kopp:

Book is to be different for each and every grade. Book for children until finally adult are different content. To be sure that book is very important for all of us. The book Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R has been making you to know about other knowledge and of course you can take more information. It is quite advantages for you. The reserve Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R is not only giving you far more new information but also to be your friend when you experience bored. You can spend your personal spend time to read your publication. Try to make relationship with all the book Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R. You never truly feel lose out for everything if you read some books.

James Smith:

Here thing why this kind of Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R are different and trusted to be yours. First of all reading through a book is good nevertheless it depends in the content of the usb ports which is the content is as yummy as food or not. Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R giving you information deeper and in different ways, you can find any book out there but there is no e-book that similar with Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R. It gives you thrill studying journey, its open up your personal eyes about the thing that will happened in the world which is maybe can be happened around you. You can easily bring everywhere like in recreation area, café, or even in your way home by train. For anyone who is having difficulties in bringing the imprinted book maybe the form of Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R in e-book can be your substitute.

Treva Ritter:

A lot of people always spent their own free time to vacation or go to the outside with them family or their friend. Do you realize? Many a lot of people spent they free time just watching TV, or maybe playing video games all day long. If you need to try to find a new activity this is look different you can read a book. It is really fun for yourself. If you enjoy the book that you simply read you can spent all day every day to reading a guide. The book Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R it is quite good to read. There are a lot of folks that recommended this book. We were holding enjoying reading this book. When you did not have enough space to develop this book you can buy typically the e-book. You can m0ore effortlessly to read this book out of your smart phone. The price is not to cover but this book offers high quality.

Charlie Attwood:

Many people spending their moment by playing outside together with friends, fun activity together with family or just watching TV 24 hours a day. You can have new activity to pay your whole day by examining a book. Ugh, do you consider reading a book can really hard because you have to use the book everywhere? It alright you can have the e-book, delivering everywhere you want in your Smartphone. Like Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R which is keeping the e-book version. So , why not try out this book? Let's find.

Download and Read Online Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R Yu-Wei, Chiu (David Chiu) #01O4M6Z7TDI

Read Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R by Yu-Wei, Chiu (David Chiu) for online ebook

Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R by Yu-Wei, Chiu (David Chiu) Free PDF d0wnl0ad, audio books, books to read, good books to read, cheap books, good books, online books, books online, book reviews epub, read books online, books to read online, online library, greatbooks to read, PDF best books to read, top books to read Machine Learning With R Cookbook - 110 Recipes for Building Powerful Predictive Models with R by Yu-Wei, Chiu (David Chiu) books to read online.
